

# HE SHARES YOUR STRONG WORK ETHIC.

Will you be around to see if  
his kids do too?

## **REGULAR LUNG CANCER SCREENINGS ARE IMPORTANT FOR YOU. AND THE ONES YOU LOVE.**

If you're considering whether to get a lung cancer screening, consider who else your decision might affect. Lung cancer has the highest death rate in the U.S. compared to any other cancer. If you smoke, were a smoker, or have been exposed to radon gas, asbestos, arsenic, chromium or nickel, ask your provider about a yearly low-dose CT scan. Early detection can lead to longer, happier lives. For everyone.

**Learn more at <CUSTOM URL HERE>.**

**Schedule a preventative screening at <CUSTOM PHONE NUMBER HERE> or talk to your healthcare provider.**
