

# IN 14 YEARS SHE'LL GRADUATE WITH A DEGREE IN ARCHITECTURE.

Will you see her throw  
her cap in the air?

## **REGULAR BREAST CANCER SCREENINGS ARE IMPORTANT FOR YOU. AND THE ONES YOU LOVE.**

If you're considering whether to get a breast cancer screening, consider who else your decision might affect. Breast cancer is the second-leading cause of cancer deaths in women in the U.S. behind lung cancer. Start regular self-exams and mammograms at the age of 40, or sooner if you have a family history. Early detection can lead to longer, happier lives. For everyone.
