- Health Reform
- Population Health Readiness Self-Assessment
- Profiles
- Transition Recommendations
- Population Health Education Series

Health Reform Readiness

Changes in Financing and Service Delivery

- Better quality for less reimbursement
- Payers are factoring population health outcomes into reimbursement formulas
- Improve health and reduce cost

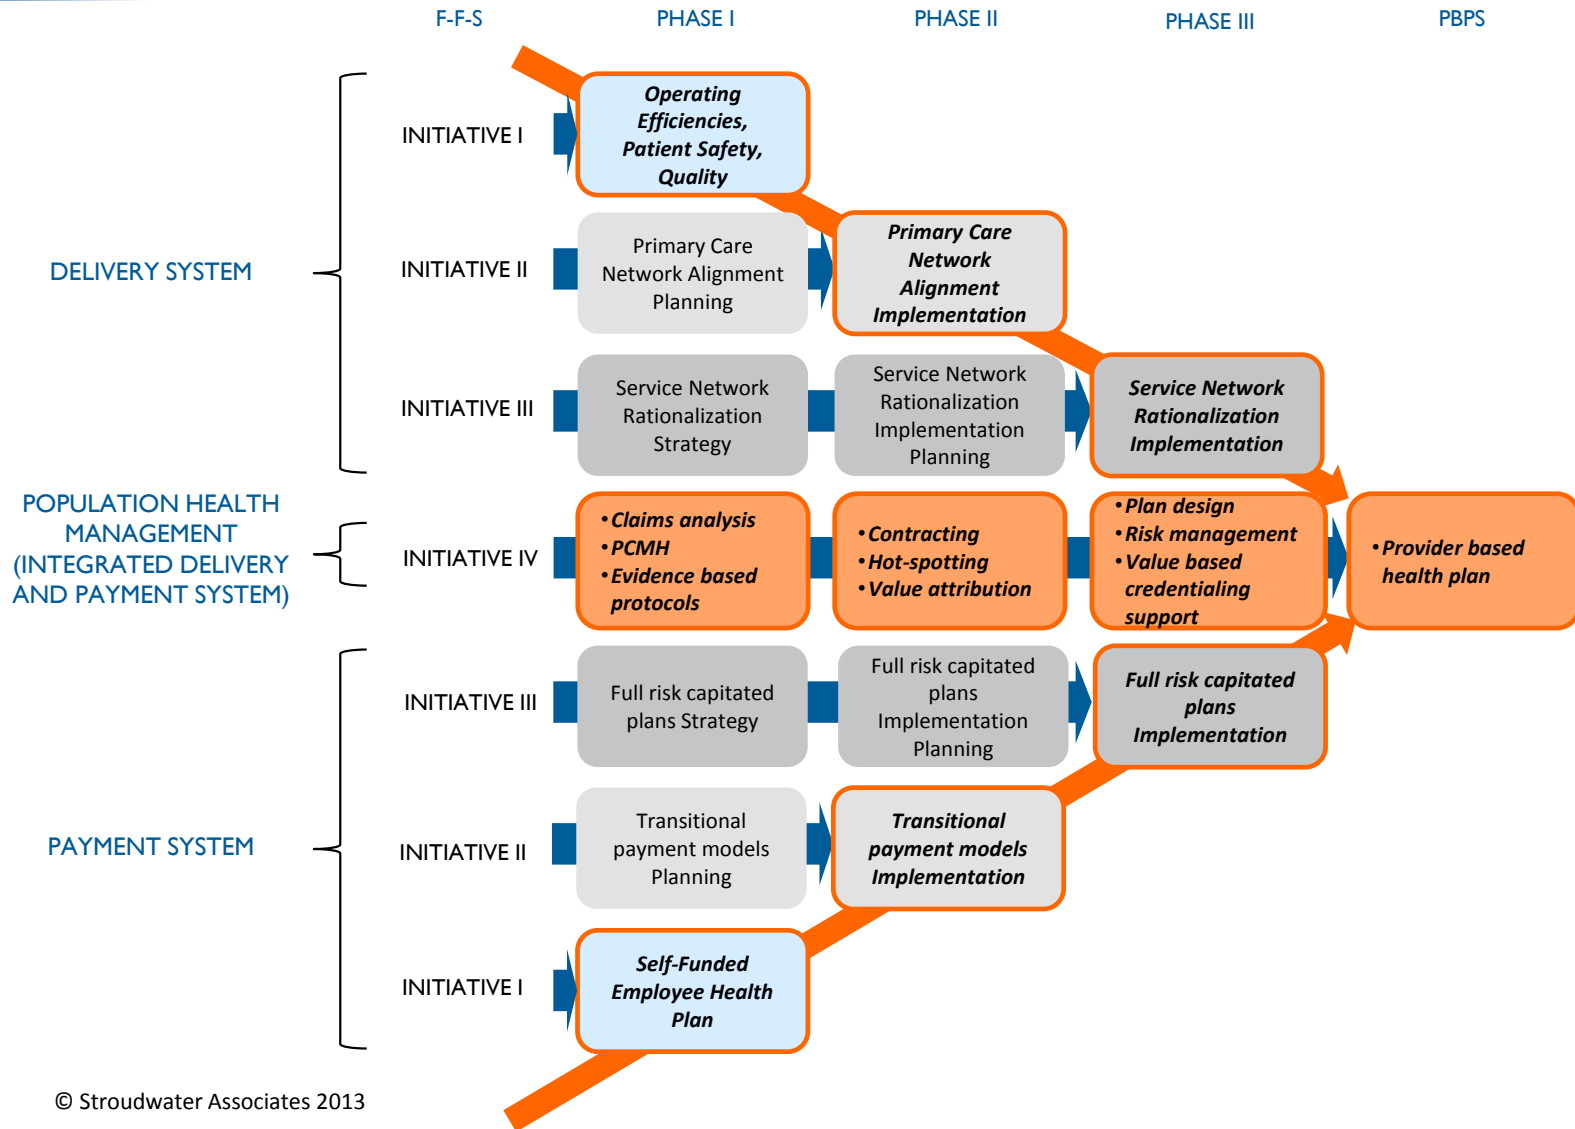

The Challenge: Crossing the Shaky Bridge

Stroudwater Associates

Implementation Framework – What Is It?

Determinants of Health and Their Contribution to Premature Death

Proportional Contribution to Premature Death

Determinants of health

Triple Aim

- Improving health in striving for the Triple Aim is referred to as **Population Health**
- Cultural Shift
 - Moving from focus on providing care for the sick *individual* to enhancing and improving the health of *communities* across a spectrum of ages and conditions
