Rural Hospital Network Business Plan Canvas	
Value Proposition	
<ul> <li>1. Member Needs Assessment:</li> <li>Implement new EHR systems w/ new software and hardware. Includes learning application and changing everyday workflows.</li> <li>Struggling with meeting timelines, burning out staff, and meeting resistance to the changes.</li> <li>HIT workforce is difficult to find.</li> </ul>	<ul> <li>2. Description of Business Product or Service:</li> <li>Shared IT workforce cooperative=5 clinical IT Staff + Help Desk support</li> </ul>
<ul> <li>Value Propositions:</li> <li>A shared IT service will allow us to be eligible for more incentive dollars.</li> <li>A shared IT service will reduce the IT budget.</li> <li>A shared IT service will increase productivity with more computer up time.</li> </ul>	
<ul> <li>3. Desired End-User</li> <li>Experience&amp;</li> <li>Relationship:</li> <li>Quick access to right person</li> <li>Simple &amp; easy to use</li> <li>Reliable</li> <li>Responsive &amp; available</li> </ul>	<ul> <li>4. Product or Service Communication &amp;</li> <li>Delivery: <ul> <li>Personal delivery/individual sales call</li> <li>Board meeting</li> <li>Newsletter</li> <li>Phone</li> </ul> </li> </ul>
<ul> <li>5. Key Initiatives:</li> <li>Develop project plan or work plan, use a development model</li> <li>Create Policies and develop standards</li> <li>Define scope of work for shared staffing versus fee for service</li> <li>Implement a CRM system to manage requests, tracking and reporting</li> <li>6. Key Resources: <ul> <li>Leadership</li> <li>Clinical IT staff</li> <li>Space for IT support</li> <li>Knowledge/access to systems</li> <li>Process flow</li> <li>Server support</li> <li>Platform (EHR)</li> </ul> </li> </ul>	multiple       7. Key Partners:         • Steering committee of member leadership       5. Key Partners:         • Colleges/Univ. – HIT programs       5. Vendor relationships – seeking win-win         • Funder organization       6. Funder organization
<ul> <li>8. Development and On-going Costs: Forecast Assumptions: <ul> <li>10 member organizations</li> <li>5 FTE - shared IT staff</li> </ul> </li> <li>Development / Start-up one-time costs <ul> <li>Purchase new ticket system hardware/software</li> <li>Assume \$10 k purchase ticket system</li> <li>Assume \$2k per license and 6 licenses</li> </ul> </li> <li>Ongoing FTE costs for IT staff and annual ticket system</li> <li>FTE salary = \$50k</li> <li>Indirect = 1.25 multiplier on Salary+Benefits</li> <li>On-going ticket system training and maintenance assume .5 FTE w/ benefits + indirect/year</li> </ul>	<ul> <li>9. Expected Income: Forecast Fee and Pricing Assumptions: <ul> <li>License (shared staffing) Fee uses an FTE as a unit</li> <li>Contracted Pricing uses a per hour as a unit</li> <li>2080 work hours/year x 5 = 10,400 total hrs</li> <li>Assume Licensed time = 80% of total hours</li> <li>Assume Contract time = 20% of total hours</li> <li>Set licensing fee at FTE 100% cost w/ benefits + indirect, \$78k, in year 1, fixed for 3 years</li> </ul> </li> </ul>
