

Healthcare Personnel Flu Measure (OP-27) Reporting and Improvement for CAHs December 9th, 2015

Centers for Medicare and Medicaid Services (CMS),
Quality Innovation and Quality Improvement Organizations (QIN-QIOs),
Center for Disease Control (CDC)
National Healthcare Safety Network (NHSN),
Health Resources and Services Administration (HRSA), &
Medicare Beneficiary Quality Improvement Program (MBQIP)

Healthcare Personnel Flu Measure (OP-27) Reporting and Improvement for CAHs

- ❑ **Purpose:** Discuss the new Healthcare Professional Flu measure, the submission process, and the QI support available
- ❑ **Structure/Presenters:** We are utilizing a comprehensive approach to this call and have representation from the following entities:
 - Centers for Medicare and Medicaid Services (CMS),
 - Quality Innovation and Quality Improvement Organizations (QIN-QIOs),
 - Center for Disease Control (CDC)
 - National Healthcare Safety Network (NHSN),
 - Health Resources and Services Administration (HRSA), &
 - Medicare Beneficiary Quality Improvement Program (MBQIP)

Acronym Slide

- ❑ **CMS: Centers for Medicare and Medicaid Services**
- ❑ **FORHP: Federal Office of Rural Health Policy**
- ❑ **HRSA: Health Resources and Services Administration
(where the Federal Office of Rural Health Policy is located)**
- ❑ **HAI: healthcare-associated infections**
- ❑ **MBQIP: Medicare Beneficiary Quality Improvement Program**
- ❑ **NHSN: National Healthcare Safety Network**
- ❑ **QIN-QIO: Quality Innovation Network – Quality Improvement Organizations**

Structure of the Presentation

- ❑ **Overview: MBQIP**
- ❑ **MBQIP OP-27 Measure Description**
- ❑ **Overview : NHSN and HCP Vaccination Module**
- ❑ **Submission of HCP Measure**
 - Reporting Requirements
 - Enrollment process
 - Data Entry
- ❑ **Receiving the Data: MBQIP**
- ❑ **QI Support and Evidence-Based Recommendations**
- ❑ **Resources**
- ❑ **Q&A**

MBQIP: Overview

- ❑ Medicare Rural Hospital Flexibility Grant funded by the Federal Office of Rural Health Policy
 - ❑ \$22 million annual managed by 45 states to support 1334 CAHs.
 - ❑ Covers the areas of quality improvement, financial improvement, population health/EMS, CAH designation, innovative models.
- ❑ Medicare Beneficiary Quality Improvement Project (MBQIP):
 - ❑ Encourage CAHs to report and develop improvement activities
 - ❑ Enable CAHs to demonstrate the quality of care they provide

MBQIP: OP-27 - Influenza Vaccination Coverage among Healthcare Personnel

- ❑ Beginning September 1, 2015 included as a required measure for MBQIP reporting.
- ❑ 1 in 5 people in the US get influenza each season.
- ❑ Combined with pneumonia, influenza is the 8th leading cause of death, with two-thirds of those attributable to patients hospitalized during the flu season.

Overview of NHSN

Purposes of NHSN

- ❑ **NHSN is a secure, Internet-based surveillance system managed by the CDC's Division of Healthcare Quality Promotion (DHQP) that is used to:**
 - Collect data from a sample of healthcare facilities to permit valid estimations of the:
 - Magnitude of adverse events
 - Adherence to practices to prevent adverse events
 - Analyze and report collected data to permit recognition of trends
 - Provide facilities with data that can be used for inter-facility comparisons and local quality improvement activities

Purposes of NHSN (cont.)

- ❑ Enable healthcare facilities to report healthcare-associated infections (HAI) and prevention practice adherence data via NHSN to the U.S. Centers for Medicare and Medicaid Services (CMS) in fulfillment of CMS's quality measurement reporting requirements for those data
- ❑ A comprehensive list of purposes can be found on the Website: <http://www.cdc.gov/nhsn/>

Assurance of Confidentiality

- **“The voluntarily provided information obtained in this surveillance system that would permit identification of any individual or institution is collected with a guarantee that it will be held in strict confidence, will be used only for the purposes stated, and will not otherwise be disclosed or released without the consent of the individual, or the institution in accordance with Section 304, 306, and 308(d) of the Public Health Service Act (42 USC 242b, 242k, and 242m(d)).”**

Healthcare Personnel Safety Component

- ❑ **The HPS Component consists of two modules:**
 - **Healthcare Personnel (HCP) Exposure Module**
 - Blood/Body Fluid Exposure Only
 - Blood/Body Fluid Exposure with Exposure Management
 - Influenza Exposure Management
 - **HCP Vaccination Module**
 - Influenza Vaccination Summary
- ❑ **The Influenza Vaccination Summary within the HCP Vaccination Module is designed to assist staff in healthcare facilities to monitor influenza vaccination percentages among HCP**

HCP Influenza Vaccination Summary

- ❑ **The HCP Vaccination Module allows NHSN users to report HCP influenza vaccination summary data**
- ❑ **HCP influenza vaccination summary data is designed to ensure that reported HCP influenza vaccination coverage is:**
 - Consistent over time within a single healthcare facility
 - Comparable across facilities
- ❑ **Improvements in tracking and reporting HCP vaccination status may allow for identification and targeting of unvaccinated HCP**

Reporting Requirements for the HCP Influenza Vaccination Summary

HCP Influenza Vaccination Summary Protocol

- ❑ The protocol is a facility's guide to collecting and reporting Influenza Vaccination Summary data for the HCP Vaccination Module:

<http://www.cdc.gov/nhsn/acute-care-hospital/hcp-vaccination/index.html#pro>

- ❑ It outlines reporting requirements and specifications
 - Data collection forms
 - Denominator categories and notes
 - Numerator categories and notes
 - Data sources
 - Methodology
 - Calculations for data analyses in NHSN
 - Table of instructions
 - Key terms

Denominator Categories

- ❑ Employee HCP: Staff on facility payroll
- ❑ Non-Employee HCP: Licensed independent practitioners (physicians, advanced practice nurses, and physician assistants)
- ❑ Non-Employee HCP: Adult students/trainees and volunteers
- ❑ HCP must be physically present in the facility for at least 1 working day between October 1 through March 31

		Employee HCP	Non-Employee HCP		
		*Employees (staff on facility payroll)	*Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants	*Adult students/trainees & volunteers	Other Contract Personnel

Denominator Categories: Employee HCP

- ❑ **Employees (staff on facility payroll) [Required]**
 - Defined as all persons that receive a direct paycheck from the healthcare facility (i.e., on the facility's payroll), regardless of clinical responsibility or patient contact

Denominator Categories: Non-Employee HCP: Licensed Independent Practitioners

□ Licensed Independent Practitioners [Required]

- Defined as physicians (MD, DO); advanced practice nurses; and physician assistants only who are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact. Post-residency fellows are also included in this category.

Denominator Categories: Non-Employee HCP: Adult Students/Trainees and Volunteers

- ❑ **Adult students/trainees and volunteers [Required]**
 - Defined as adult students/trainees and volunteers: medical, nursing, or other health professional students, interns, medical residents, or volunteers aged 18 or older that are affiliated with the healthcare facility, but are not directly employed by it (i.e., they do not receive a paycheck from the facility), regardless of clinical responsibility or patient contact

Denominator Categories: Non-Employee HCP: Other Contract Personnel

❑ Other contract personnel [Optional]

- Defined as persons providing care, treatment, or services at the facility through a contract
- There are several types of personnel who provide direct care and non-direct services. Examples include:
 - Dialysis technicians
 - Occupational therapists
 - Admitting staff
 - Pharmacists
- Refer to Appendix A of the HCP Influenza Vaccination Summary Protocol for suggested list of contract personnel
<http://www.cdc.gov/nhsn/PDFs/HPS-manual/vaccination/12-Appendix-A.pdf>

Numerator Categories

- ❑ The numerator includes HCP who received an influenza vaccination during the time from when the vaccine became available (e.g., August or September) through March 31 of the following year

❑ Influenza vaccinations

- Received at this healthcare facility or elsewhere

❑ Medical contraindications

❑ Declinations

❑ Unknown status

	Employee HCP	Non-Em
	*Employees (staff on facility payroll)	*Licensed independent practitioners: Physicians, advanced practice nurses, & physician assistants
1. Number of HCP who worked at this healthcare facility for at least 1 day between October 1 and March 31		
2. Number of HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season		
3. Number of HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season		
4. Number of HCP who have a medical contraindication to the influenza vaccine		
5. Number of HCP who declined to receive the influenza vaccine		
6. Number of HCP with unknown vaccination status (or criteria not met for questions 2-5 above)		

Numerator Categories

- ❑ **HCP who received an influenza vaccination at this healthcare facility since influenza vaccine became available this season**
- ❑ **HCP who provided a written report or documentation of influenza vaccination outside this healthcare facility since influenza vaccine became available this season**
 - Acceptable forms of documentation include:
 - A signed statement or form, or an electronic form or e-mail from a healthcare worker (HCW) indicating when and where he/she received the influenza vaccine
 - A note, receipt, vaccination card, etc. from the outside vaccinating entity stating that the HCW received the influenza vaccine at that location
 - Verbal statements are not acceptable

Numerator Categories

❑ HCP who have a medical contraindication to the influenza vaccine

- For this module, for inactivated influenza vaccine (IIV), accepted contraindications include:
 - (1) severe allergic reaction (e.g., anaphylaxis) after a previous vaccine dose or to a vaccine component, including egg protein; or
 - (2) history of Guillain-Barré Syndrome within 6 weeks after a previous influenza vaccination.
- HCP who have a medical contraindication to live attenuated influenza vaccine (LAIV) other than the medical contraindications listed above, should be offered IIV by their facility, if available
- Documentation is not required for reporting a medical contraindication (verbal statements are acceptable)

Numerator Categories

- ❑ **HCP who declined to receive the influenza vaccine**
 - Documentation is not required for reporting declinations (verbal statements are acceptable)

- ❑ **HCP with unknown vaccination status (or criteria not met for above-mentioned categories)**

Counting HCP in the Hospital

- ❑ Hospital inpatient and outpatient counts should be combined and submitted on a single influenza vaccination summary data form*
- ❑ Includes inpatient and outpatient units/departments that
 - Share the same CMS Certification Number (CCN) as the hospital AND
 - Are affiliated with the specific acute care facility (such as sharing medical privileges or patients), regardless of distance from the acute care facility
 - This does not apply to outpatient renal dialysis facilities

* Operational Guidance:

<http://www.cdc.gov/nhsn/PDFs/HCP/Operational-Guidance-ACH-HCP-Flu.pdf>

Counting HCP in the Hospital

❑ Facilities would not count HCP working in:

- Separate outpatient satellite physician clinics (unless they also physically work in inpatient or outpatient units of the hospital for at least 1 day between October 1 through March 31)
- Patient care units within the hospital having separate CCNs (unless they also physically work in inpatient or outpatient units of the hospital for at least 1 day between October 1 through March 31)

❑ Patient care units in NHSN having separate CMS CCNs include, but may not be limited to:

- Inpatient rehabilitation facilities (IRF)
- Inpatient psychiatric facilities (IPF)
- Long term acute care facilities (LTAC/LTCH)
- Skilled nursing facilities (SNF)

Notes on Reporting Requirements

- ❑ Facilities are only required to report data once at the conclusion of reporting period (October 1 through March 31)
- ❑ HCP who are physically present in the facility for at least 1 working day between October 1 through March 31 are included in the denominator
- ❑ HCP in the denominator population who received an influenza vaccination during the time from when the vaccine became available (e.g., August) through March 31 of the following year are included in that category numerator

Notes on Reporting Requirements

- ❑ The denominator categories are mutually exclusive. The numerator data are to be reported separately for each of the denominator categories.**
- ❑ The numerator data are mutually exclusive. The sum of the numerator categories should be equal to the denominator for each HCP group.**

NHSN Facility Enrollment

NHSN Enrollment

nhsn@cdc.gov

Enrolling Multiple Facilities/Clinics

- ❑ Each facility should enroll separately**
- ❑ If you have multiple facilities to enroll (for example, satellite clinics) start by enrolling one facility first**
- ❑ After the first facility is enrolled, you will complete Step 4 and 5 of the enrollment process for each additional facility.**

Key Personnel Roles

- ❑ **The person that should be enrolling the facility in NHSN is called the Facility Administrator**

***The NHSN Facility Administrator may not be the Administrator at your facility**

The Facility Administrator:

- Manages users and user rights
 - Manages locations and patients
 - Can add, edit & delete facility data
 - Authority to nominate groups (data sharing arrangements)
 - An NHSN Facility Administrator will have this role for every component
-
- ❑ **Only the Facility Administrator can reassign their role to another user**

Key Personnel Roles (cont.)

❑ **NHSN Healthcare Personnel Primary Contact Person**

- Interacts most closely with CDC for Healthcare Personnel Safety Component

❑ **NHSN User**

- Rights are determined by Facility Administrator
 - View data
 - Data entry
 - Data analysis
- May be given administrative rights
 - This gives the new user the right to view, enter, and analyze data, but also to add locations, surgeons, and other users.

NHSN Enrollment Steps 1-5

1. Enrollment Preparation

2. Complete NHSN Registration

Receive 'Welcome to NHSN' email

3a. Secure Access Management Registration

Receive 'Invitation to SAMS' email

3b. Provide Identity Proofing Documentation

Receive 'SAMS Access Approved' email

4. Submit Forms Electronically

Receive 'NHSN Facility Enrollment Submitted' email

5. Sign and Send Consent

Receive 'NHSN Enrollment Approved' email

Training and Preparation (Step 1 of the Enrollment Process)

- ❑ Review all training materials before beginning enrollment
- ❑ Training requirements are listed on the NHSN Training Website: <http://www.cdc.gov/nhsn/training/>

National Healthcare Safety Network (NHSN)

Facility/Group Administrator Rules of Behavior

In order to participate in the NHSN, you must read and agree to abide by the following rules of behavior for safeguarding the system's security. Scroll through the document below and click on Agree or Do Not Agree button. To print a copy of the rules, click on the Print button.

NHSN, a surveillance system of the Centers for Disease Control and Prevention (CDC), allows participating healthcare facilities to enter data associated with healthcare safety, such as surgical site infections, antimicrobial use and resistance, bloodstream infections, dialysis incidents, and healthcare worker vaccinations. NHSN provides analysis tools that generate reports using the aggregated data (reports about infection rates, national and local comparisons, etc). NHSN also provides links to best practices, guidelines, and lessons learned.

NHSN processes and stores a variety of sensitive data that are provided by healthcare facilities. This information requires protection from unauthorized access, disclosure, or modification based on confidentiality, integrity, and availability requirements. These "Rules of Behavior" apply to all users of the NHSN web-based computer system.

Step 2: Register

- Following successful registration, you will immediately receive a welcome to NHSN email and an Invitation to register with SAMS (step 3a)

Hello

You have been invited to register with the U.S. CDC's Secure Access Management Service (SAMS). Registration with SAMS will allow you to access selected CDC Extranet applications specifically designed and implemented for the Public Health community. A registration account has already been created for you. A link to this account and a temporary password word are provided below. This invitation is valid for 30 days.

Should you have questions with the SAMS registration process, please contact our Help Desk for assistance.

Thank you,

The SAMS Team

SAMS basic registration process includes the following steps:

1. **Online Registration** - Follow the link below and use the included temporary password to log into SAMS' user registration pages. During registration, you will be asked to supply some basic information about yourself. This information will help CDC Program Administrators provide you with the application access most appropriate for your role in Public Health. You will also choose your personal SAMS password to help keep your account private and secure.
2. **Identity Verification** - Once you complete your online registration, you will receive an email with instructions for completing Identity Verification. In order to provide individuals with access to non-public information, U.S. law **requires** that the identity of potential users is first verified - this step is critical in helping to protect people's private data and in helping to prevent information misuse. Please be assured that CDC and its Programs have made every effort to keep this necessary process as simple and non-intrusive as possible. Also be assured that your registration materials will only be used to help determine your suitability for information access and that these materials will not be shared outside of CDC programs.
3. **Access Approval** - Once your Identity Verification is complete, CDC Program Administrators will determine the access level most appropriate for your role and will activate your SAMS account. SAMS will send you an account activation email with a link to the SAMS portal page where you can begin using your extranet applications.

To register with SAMS, please click the following link or cut and paste it into your browser:

<https://sams.cdc.gov/idm/SAMS/ca/index.jsp?task.tag=SAMSRegistration>

When prompted, please enter:

- Your Username:
- Temporary Password:

and click the Login button.

*****Note:** In order to access SAMS, your browser **must** be configured to use TLS 1.0 encryption. If your computer is not configured for TLS, or if you are unsure, please contact your local IT System Administrator for assistance.

Secure Access Management (SAMS) (Step 3)

- ❑ SAMS provides secure online access which allows exchange of information between CDC and Public Health Partners.
- ❑ Users receive an invitation to register with SAMS, which provides instructions for registration, and identifies proofing in order to obtain access to CDC applications, including NHSN.
- ❑ During SAMS registration the user sets a password which allows access to the SAMS Partner Portal.
 - **NOTE: It is important that you remember your password in order to complete the registration**
- ❑ Once the SAMS registration process is complete, the user is also issued an electronic grid card which adds an additional level of security when logging in to the system.

Step 3a: SAMS Registration

- ❑ The Invitation to Register contains your Username and Password for SAMS registration

Step 3b: Identity Proofing

- ❑ Carefully follow the instructions in the email to ensure the enrollment process is not delayed

Hello New NHSN User,

Thank you for registering with CDC's SAMS Partner Portal. Your registration information has been received and is currently pending approval.

In order to provide individuals with access to non-public information, U.S. law *requires* the identity of potential users to be verified - this step is critical in helping to protect people's private data and in helping to prevent information misuse. Please be assured that CDC and its Programs have made every effort to keep this necessary process as simple and non-intrusive as possible. Also be assured that your identity information will only be used to help determine your suitability for access and that this data will not be shared outside of CDC programs.

To complete identity verification, please print the form attached to this email message and follow the instructions provided below. The required steps are as follows:

1. Complete the Applicant Section in the attached form - part of the information has been pre-filled for you based on the information you supplied during registration.
2. Take the printed form, along with appropriate photo identity documentation to a Proofing Agent (a person specifically designated by CDC to conduct identity verification or a Notary Public). Have them verify your identity and complete the Proofing Agent / Notary Section. Acceptable forms of identification are listed in the table below:

You must provide one (1) unexpired document from List A and one (1) additional unexpired document from List B.

List A - Primary Photo ID	List B - Secondary ID
Driver's license or ID card issued by a state or outlying possession of the U.S.	Driver's license or ID card issued by a state or outlying possession of the U.S.

***Note: This email will instruct you to submit your identity proofing documents via fax or upload. Please keep in mind, that uploading the documents will offer the quickest turn around time.**

Step 3b: Registration Approval

- ❑ Once your identity documentation has been processed you will receive confirmation of approval for SAMS access.**
- ❑ You will also be issued an electronic grid card which must be used when logging into the system along with your username and password.**

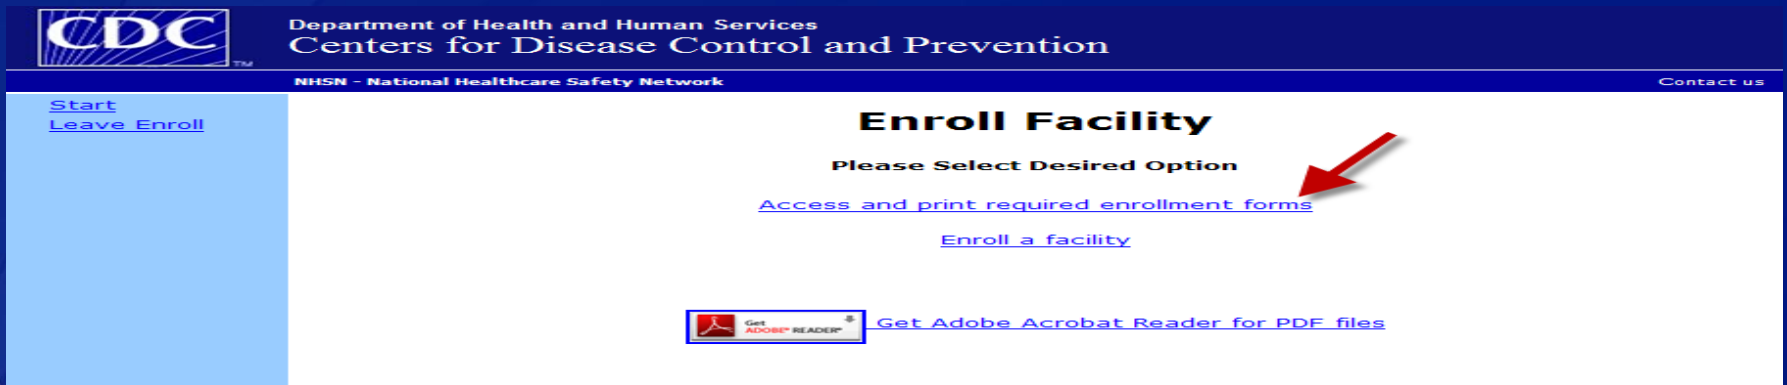

Access/Complete Enrollment Forms (Step 4)

- ❑ After logging into SAMS using your SAMS grid card, click on NHSN Enrollment.

The screenshot shows the NHSN system interface. On the left, under 'Links', there are three items: 'SAMS User Guide', 'SAMS User FAQ', and 'Identity Verification Overview'. In the center, under 'My Applications', there is a box titled 'National Healthcare Safety Network System'. Inside this box, there are two items: 'NHSN Reporting *' and 'NHSN Enrollment *'. A red arrow points to 'NHSN Enrollment *'. Below the box, it says '* Strong credentials required.'

- ❑ Then, click 'Access and Print required enrollment forms'

The screenshot shows the NHSN Enrollment Facility page. At the top, there is a header with the CDC logo and the text 'Department of Health and Human Services, Centers for Disease Control and Prevention'. Below this, there is a navigation bar with 'NHSN - National Healthcare Safety Network' and a 'Contact us' link. On the left, there is a sidebar with 'Start' and 'Leave Enroll' links. The main content area is titled 'Enroll Facility' and says 'Please Select Desired Option'. There are two links: 'Access and print required enrollment forms' and 'Enroll a facility'. A red arrow points to the 'Access and print required enrollment forms' link. At the bottom, there is a footer with the Adobe Reader logo and the text 'Get Adobe Acrobat Reader for PDF files'.

Access/Complete Enrollment Forms (Step 4)

- Print required forms listed under the component you are enrolling in, which will be submitted electronically in the next step. CAHs should enroll under the Healthcare Personnel Safety Component to report Flu vaccination data to NHSN.

Surveillance for Healthcare Personnel Vaccination

The Advisory Committee on Immunization Practices (ACIP) recommends that all healthcare personnel (HCP) and persons in training for healthcare professions should be vaccinated annually against influenza.^[1] Persons who are infected with influenza virus, including those with subclinical infection, can transmit influenza virus to persons at higher risk for complications from influenza. Vaccination of HCP has been associated with reduced work absenteeism and with fewer deaths among nursing home patients and elderly hospitalized patients. Although annual vaccination is recommended for all HCP and is a high priority for reducing morbidity associated with influenza in healthcare settings, national survey data have demonstrated that vaccination coverage levels are only approximately 60% ^[2]. This is well below the Healthy People 2020 goal of 90% for HCP influenza vaccination ^[3].

- ❑ **The Community Preventive Services Task Force recommends interventions with on-site, free, and actively promoted influenza vaccinations, when implemented alone or as part of a multicomponent intervention**
- ❑ **Intervention elements may include:**
 - Making influenza vaccine available to HCP at no cost
 - Making influenza vaccine available to HCP at their regular worksite
 - Announcing influenza vaccine availability through channels such as newsletters, e-mails, or paycheck inserts
- ❑ **May be combined with other efforts to increase access or change attitudes and norms related to influenza vaccination**
 - E.g. education/provision of information, policy changes
