

CRITICAL ACCESS HOSPITAL RECOGNITION: FY2013 INNOVATION IN QUALITY

Page Hospital

Page, Arizona

[Page Hospital](#), located in Page, Arizona, participates in the Centers for Medicare and Medicaid Services (CMS) Partnership for Patients initiative through the Premier Hospital Engagement Network (HEN). The hospital maintains Joint Commission accreditation and high quality outcomes and operational performance rates relative to peers.

Jill Bullock of the Arizona Flex Program presents a CAH Recognition award to Page Hospital staff.

Positive Outcomes

- Recognized as Arizona's highest-performing hospital in the 2012 iVantage Hospital Strength Index quality rankings
- Demonstrated leadership and innovation among Arizona hospitals
- Actively engaged with the native patient population through campus expansions to support physical, mental and spiritual healing

Top Accomplishments

With support of the hospital district, Page Hospital expanded its campus and services in response to growing community needs. As a Planetree affiliate, Page Hospital adopted a variety of patient-centered care protocols that reflect both a holistic aesthetic and the native traditions of the area. Sandy Haryasz, Page Hospital Chief Executive Officer, states:

"Page Hospital is a quality hospital providing excellent patient care by excellent people. Consistently, Page Hospital performs well with the Banner Health strategic initiatives and 2012 was no different."
