TASC Population Health Learning Collaborative: Community Engagement

1. List 5 factors that contribute to the health outcomes in your state.
(Hint: Refer to County Health Rankings State Reports)
2. Share 3 to 5 examples of how your Flex Program supports community engagement to improve health outcomes.
3. What are the outcomes of community engagement in relation to the provided support through the Flex Program? How are the outcomes communicated to the hospitals/communities?
4. What barriers are you aware of that hinders community engagement for your hospitals/communities?
5. How have these barriers been addressed?
6. Identify 3 to 5 innovative ideas, activities, or tasks that your Flex Program can undertake to support the development and expansion of community engagement initiatives.
