2017 Flex Program Reverse Site Visit
July 20, 2017

Stratis Health

- Independent, nonprofit, Minnesota-based organization founded in 1971
  - Lead collaboration and innovation in health care quality and safety, and serve as a trusted expert in facilitating improvement for people and communities
- Work at intersection of research, policy, and practice

Objectives

- Participate in a demonstration of data tools designed for use with MBQIP Data Reports

- Discover how a state Flex Program is evaluating and using MBQIP data
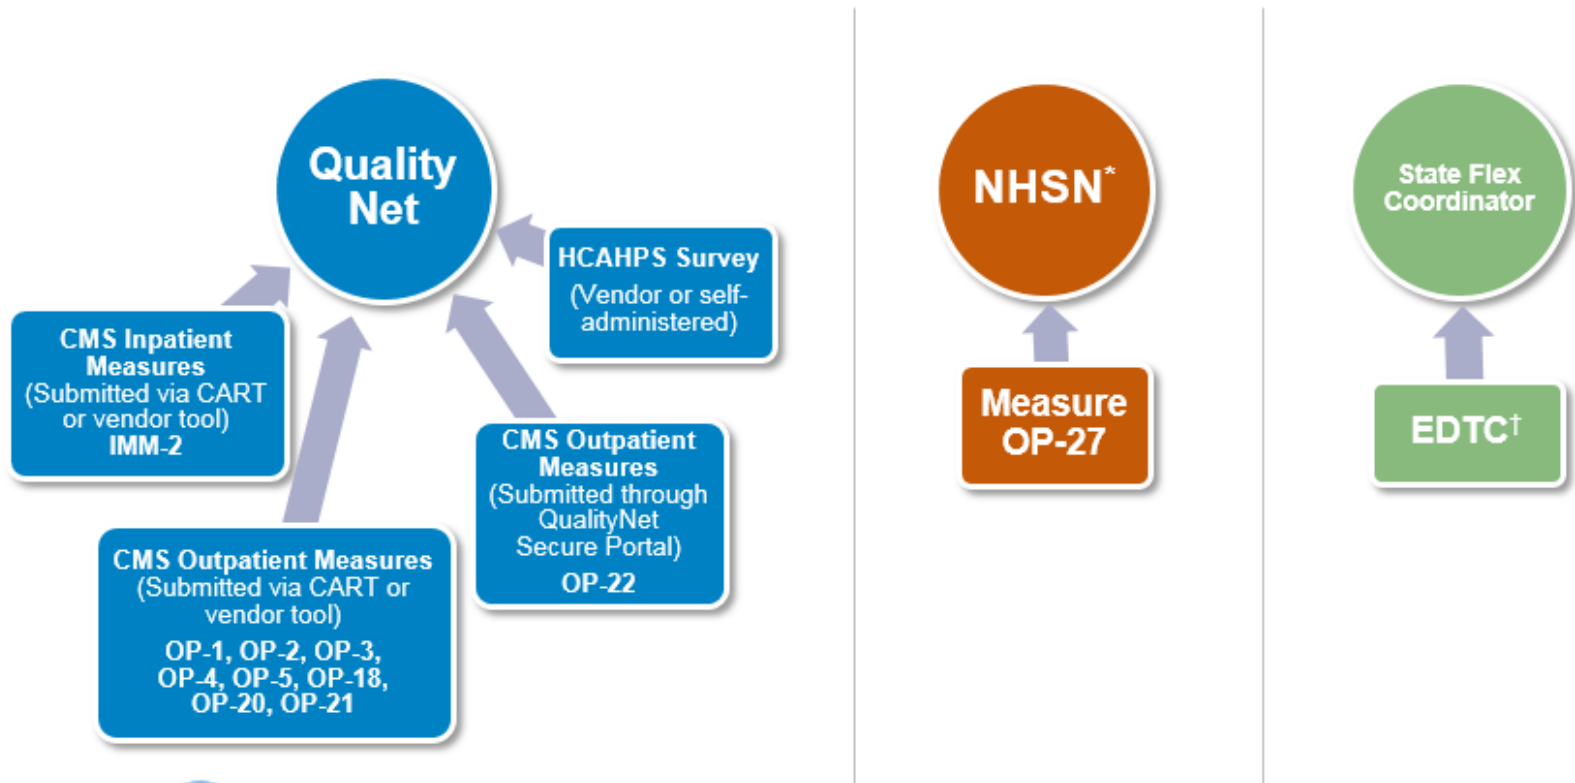

Agenda

- RQITA:
  - Outline MBQIP data resources available to you
  - Brief review of the MBQIP data flow & demonstration of what the data looks like
  - Demonstration of data tools designed for use with MBQIP Data Reports
- North Carolina:
  - Share stories and examples of use of MBQIP data

Using Data Resources

- For Flex:
  - [EDTC Comparison Template](#)
  - OP Comparison Template
  - [Using MBQIP Excel Files](#)

- For CAHs (but can be useful for Flex too!)
  - [Interpreting MBQIP Hospital Data Reports for Quality Improvement](#)
  - [Internal Quality Monitoring Tool](#)

MBQIP Quarterly Data

- For Patient Safety & Outpatient and HCAHPS, you can expect to see the following files in each quarterly release:
  - A file of non-submissions (Excel)
  - Reports for each hospital in your state (PDF)
  - Report for your state (PDF)
  - A file of the actual hospital-level data for your state (Excel)

- For EDTC, you can expect to see the following files in each quarterly release:
  - Reports for each hospital in your state (PDF)
  - Report for your state (PDF)
